

Questionnaire for Applicants of the M.Eng.-Programme
"AI Engineering of Autonomous Systems"

Dear Applicant,

You are requested to answer the following questions in order to specify more details of your application and to facilitate the evaluation of your application. Please make sure that your information is **consistent** with your **certificates**. Please note that inconsistent or false information might affect the evaluation and lead to **exclusion** of you application.

First name: Last name:

Application Number

1. Characterize the type of Bachelor programme you graduated in:

- a. Mechatronics/Robotics engineering ☐
- b. Electrical engineering ☐
- c. Computer science ☐
- d. Natural science ☐
- e. Other ☐

Specify if other:

2. State the name and location of the university from which you graduated:

3. Specify the grading system (must be consistent with grades in your certificates)

- a. scores of the grading system (e.g. 0-20 / 0-100/ 1-5 / A+, A, B, C, D, E, F / etc.

- b. best grade that can be achieved (from above)

- c. grade that must be achieved to pass (from above)

4. List names, credit points, and your grade of most important subjects in which relevant engineering skills were taught (e.g. Control Engineering, System Dynamics, Signals and Systems, Modelling and Simulation, AI and Machine Learning, Reinforcement Learning, etc.). Insert maximum **ONE** module per row.

	Subject / Module	Credit Points	Grade (as in section 3)
1.			
2.			
3.			
4.			

5. List names, credit points, and your grade of most important subjects in which specific mathematical or statistical skills were taught. Insert maximum **ONE** module per row.

	Subject / Module	Credit Points	Grade (as in section 3)
1.			
2.			
3.			

6. List names, credit points, and your grade of most important subjects in which programming and software engineering skills were taught. Insert maximum **ONE** module per row.

	Subject / Module	Credit Points	Grade (as in section 3)
1.			
2.			
3.			

7. State the title of your thesis:

How many members did the team have, in case the thesis was a team project?

One (only you, not a team) ☐ 2 ☐ 3 ☐ 4 ☐ More than 4 ☐
